President's Profile

Rocco Cavallo is a Surveyor born in Ceglie, Brindisi Municipality Italy in 1965. He has lived in this municipality all his life. He is the President of the Cavallo Group. Mr Rocco Cavallo has been a part of the Cavallo Group for the past thirty years taking over from his father Francesco Cavallo in consolidating the Group. He has combined his passion for success and entrepreneurial ability to grow the Cavallo Group within this period.

Mr Cavallo has built a reputation for tenacity, in completing ambitious projects in Brindisi, the whole of Italy, Malta, Morocco, Ghana, and now Nigeria. Projects he has personally been involved in are in the real estate, tourism, golf, entertainment, hotel and hospitality.

Leading the Cavallo Group, he is open to exploring new frontiers in international markets, with a view to attaining timely completion of projects in these sectors.

The Group

Founded in 1987 by Francesco Cavallo, the Cavallo Group has been involved in massive construction and infrastructural projects for the past 30 years. With a strong balance sheet, it has extensive real estate property as well as a chain of hotels, and golf courses in Italy. Furthermore, the Cavallo Group has been involved in contracted construction of projects in the maritime, roads and logistics sectors.

Recently, C.R Costruzioni a member of the Cavallo Group was awarded contracts for the construction of 1,000 houses, 2 hospital and 5,000 toilets in different regions in Ghana to the value of €750 million. In the last quarter of 2017, Cavallo Group through R.Cavallo Costruzioni Ltd has ventured into Nigeria, which is the largest market in Africa,

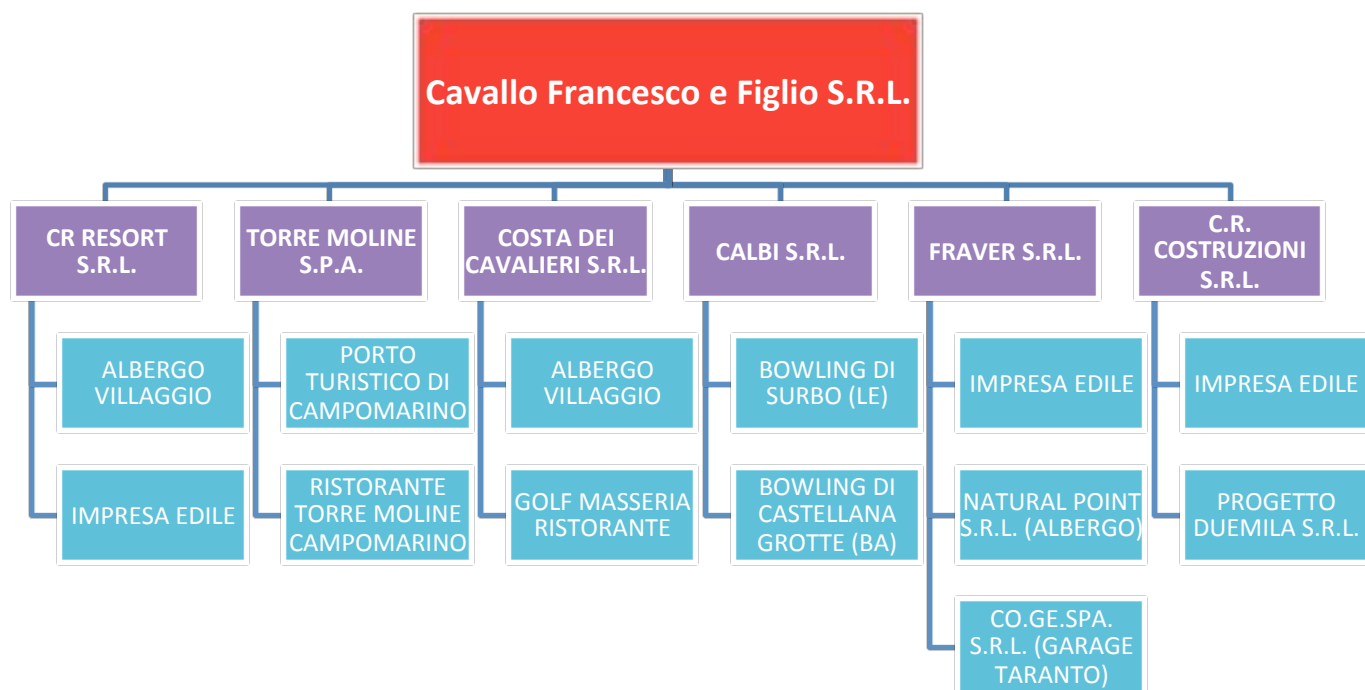

The Group's competence are in civil, industrial, hospital road work, renovations, and related infrastructure works, The Group has a combined market value of more than €700mn, a balance sheet assets of more than €100 million.

Fraver Ltd., and CR Costruzioni Srl have also certificate of quality UNI EN ISO 9001: 2008.

The Group Subsidiaries

C.R Costruzioni

The Group's primary focus is on the residential and commercial real estate space. **C.R Costruzioni and Cavallo Costruzioni** is the flagship of the Cavallo Group, with major activities revolving around real estate, building, maritime, road construction, bridges, sewage works and drainage systems, including the erection, improvement, repair, alteration, maintenance and demolition of constructions works

Cavallo Group has presence in Italy, Malta, Ghana and recently in Nigeria.

Group's Core Asset

The main strengths are representatives from:

- Assets of approximately €100 million
- Market presence of over thirty years;
- Diversified Activities: Civil and industrial buildings, hospitals, restoration, road and port works, tourist accommodation, port tourism, entertainment and leisure, various services;
- Constant innovation in business and organizational processes.

The Group structure allows for a great decision-making and a strong operational streamlining speed, allowing a quick response to market needs. With over 30 years of experience in the field, companies under the Group guarantee the quality of the work, thereby gaining customer trust.

Founded as a local company, Cavallo is rapidly moving in the domestic and international construction markets.

Project Financing

Following series of consultations, the Cavallo Group is partnering with Argentarius of Malta, under the leadership of Dr. Andreas Wolfilli, in delivery of project financing.

Argentarius is headquartered in Malta. The company delivers structured investment products, by delivering flexible solutions to investment managers through new models of structured finance.

This arrangement will allow the **Cavallo Group**, to realize its own projects and also enable **INVESTORS** have a good return on their investments, given the significant assets placed as collateral , in support of its projects. This will be identified by the key elements: the diversification of the areas of intervention, through solid capitalization of the **Cavallo Group**.

This combination of forces, between **INVESTORS** and the **Cavallo Group**, will contribute in the realization of project objectives as well as economic returns for all parties involved.

The Group's Major Milestones

- 100 million Euros of assets

Commercial Maritime Project Works

For Italy, maritime plays an important role not only as a factor in economic development, but also as a vehicle for promoting tourism, with our beautiful seas (about 7500 km of coastline).

The weight of the maritime sector of the economy is attributed mainly to its coastal development along the coasts of the Italian peninsula are scattered a total of 525 port facilities in tourist and commercial.

The maritime market in Puglia with its nearly 1000 km of coastline and more than 3,000 nautical license is a strong market development related to the growing tourist demand. In this context it is appropriate to consider the will of the point to the growth in the number of berths

The Group is massively involved in the expansion of the port of Villanova as well as other ports in Italy.

Expansion and development of the port of Campomarino Maruggio - Ta

Aims of the project

Work on the port link to:

Double berths for both tourist and commercial use by increasing the length of the breakwater and building a breakwater parallel to the existing one;

Building a new storage shed;

Complete support structures for the management of new berths, ensuring the safety and efficiency of the port.

Redevelopment, enhancement and management of the marina and construction of a hotel in Villanova di Ostuni - Br

Aims of the project

The project responsibility is to redevelop and enhance the port of Villanova, increasing the number of berths, increasing the services available at the same time.

In addition, the Group is responsible for:

Works for the construction of 520 berths.

- Interventions for the improvement of environmental conditions and Safety of the basin;
- A service center for ca. 500,00 square meters;
- Restructuring Aragonese Tower and adjoining stables;
- Renovation or construction of buildings for key services Harbour (car enel, Box fishermen, water supply, etc.)
- Arrangement of parking areas and access roads;
- Systems at the service network of ground facilities and piers;
- Services for the storage of boats during the winter;
- Hotel restaurant and underground parking.

opera 13,000,000.00 €

Construction of a golf course, residential houses to use tourism and hospitality, Local dining in Francavilla Fontana - Br

Tourism and Entertainment

The project involves the construction of a golf course 18-hole championship course and a club house to hotel accommodation with 36 rooms, for a total of 90 people housed, plus spa and conference room with 162 seats (400 seats with union hall spaces restaurant), an equestrian center and service facilities for the golf course. Also it expected to allocate some areas the construction of residential homes - Tourist accommodation and to better meet the functional needs of the golf course.
